University of Colorado   GPA: 3.7 out of 4.0

PORTFOLIO

Urban Cipher: Web app that takes a musical artist and song title as input and returns the lyrics, with API calls to both Urban Dictionary and Merriam-Webster dictionary to pull definitions for words as needed. Collaborative project using HTML, CSS, Bulma, and JavaScript.
GitHub repository: https://github.com/maximosandoval/urban-cipher
Deployed page: https://maximosandoval.github.io/urban-cipher/

Weather Dashboard: Web app that takes a city as input and returns the current and forecasted weather for that city, including search history. Languages used include HTML, CSS, and Javascript.
GitHub repository: https://github.com/aliciachamar/api-weather-dashboard
Deployed page: https://aliciachamar.github.io/api-weather-dashboard/

Code Quiz: Quiz app that cycles through a few coding-related questions and saves a score based on the time left when the questions are completed. High scores are then displayed. Languages used include HTML, CSS, and JavaScript.
GitHub repository: https://github.com/aliciachamar/code-quiz-plus-scores
Deployed page: https://aliciachamar.github.io/code-quiz-plus-scores/
